Headteacher: Mrs Rosie Phillips

7<sup>th</sup> January 2020

Dear Parents

A key focus of the current Maths curriculum is on Arithmetic and, to provide a fresh approach to multiplication and division, our school is trialling a very popular online tool to help develop their times table skills. The tool is called 'Times Table Rock Stars' and all our Key Stage 2 classes will log in at school this week and join in the fun. Hopefully they will share the excitement with you when this happens. All children will then continue to have regular access to the tool in school.

How can you support your child's learning?

If you have access to the internet at home, using a computer, tablet or smartphone, then they can play games that are targeted at the speed and level appropriate to them: the ethos is regular practice leads to greater progress. Their login details can be found in their reading record. In addition, this weekend you could ensure that your child participates in the online games which will be given as part of their homework.

The web address for login is <https://play.ttrockstars.com/> and the school's postcode is HP5 2UQ.

Thank you in advance for your help and encouragement. However, if you do not have internet access at home, please could you let your child's class teacher know in advance of Friday as they will have printed worksheets available as an alternative homework.

Kind regards

Mrs Jude Kretschmer  
Maths Subject Leader
