

White Rose Maths Instructions

Every day for the next few weeks we are going to ask you to watch a Maths video and complete a worksheet based around that video. We are going to be looking at decimals this week and hope that you enjoy using these resources.

You will need to click this link each day:

<https://whiterosemaths.com/homelearning/year-5/>

This link will take you to the Home Learning – Y5 page and you will need to select **Week 1** for this first week. You will see that lesson 1 is called ‘Lesson 1 – Decimals up to 2 dp’ and you will be able to watch the video (as many times as you wish) and complete a worksheet related to what you have just watched (This is in red on the right hand side). The answers are in blue to help you check or to help if you get stuck.

We would like you to watch the video and complete the activity each day:

Monday – Lesson 1 – Decimals up to 2 dp

Tuesday – Lesson 2 – Decimals as fractions

Wednesday – Lesson 3 – Decimals as fractions (2)

Thursday – Lesson 4 – Understand thousandths

Friday – Lesson 5 – Thousandths as decimals

We will review this on Friday and if these are too simple for you or too tricky, please do not skip ahead but let us know so we can support you.

Mrs Morris & Mrs Kretschmer
