

## White Rose Maths Instructions

You will need to click this link each day:

<https://whiterosemaths.com/homelearning/year-5/>

This link will take you to the Home Learning – Y5 page and you will need to select **Summer Term – Week 1 (w/c 20 April)** We are following on from last week so don't worry about the wrong date. You will see that lesson 1 is called 'Adding decimals within 1' and you will be able to watch the video (as many times as you wish) and complete a worksheet related to what you have just watched (This is in red on the right hand side). The answers are in blue to help you check or to help if you get stuck.

We would like you to watch the video and complete the activity each day:

Monday – Lesson 1 – Adding decimals within 1

Tuesday – Lesson 2 – Subtracting decimals within 1

Wednesday – Lesson 3 – Complements to 1

Thursday – Lesson 4 – Adding decimals – crossing the whole

Friday – Lesson 5 – Maths Challenge

Let us know if you need any additional resources,

Mrs Morris & Mrs Kretschmer
