Headteacher: Mrs Rosie Phillips

Dear Parents,

The forecast for this evening and tomorrow is inconsistent with the possibility of snow (or rain). We hope very much to be open as usual but...

If it is snow we see and it does result in school needing to be closed I will attempt to let you know by 7.30am. Please note that this may not be possible, depending on when the snow falls and the conditions generally. The decision to close will be based on health and safety including whether we have enough staff to supervise the children.

If we do need to close

- School will send a message out via Arbor
- School will also notify Bucks council so the closure will be listed on the Bucks CC website and local radio
- Work will be posted on the school website under the class pages
- School transport and any club leaders will also be notified

If the weather is set to improve

- We may offer a later start with registers staying open until later in the morning

We know from experience that class reps are often very helpful in passing information on and appreciate that.

If we open and the weather significantly deteriorates

- School will be closed and parents will be asked to collect children via Arbor. Class reps help would also be appreciated in passing this information on
- School will also notify Bucks council so the closure will be listed on the Bucks CC website and local radio
- Work will be posted on the school website under the class pages
- School transport and any club leaders will also be notified

The decision to close is never taken lightly and is always made as a last resort on the grounds of health and safety. Hopefully the weather will be on our side tonight and I will see you all as usual tomorrow morning.

Kind regards

Mrs Phillips  
Headteacher
