

LOVE LOWNDES NEEDS YOUR VIEWS - HELP SHAPE CHESHAM'S NEW EARLY-YEARS PLAYGROUND

Love Lowndes is a voluntary community group raising money to replace and re-imagine the early-years playground in Chesham's Lowndes Park. You may have already seen their successful £220,000 re-development of the 5-11s playground!

They're now turning their focus to the woeful state of the early-years playground. They need to raise at least £150k to improve this area, but first they need the people of Chesham to tell them what they want from the new playground.

Please add your thoughts to their short survey -

Public consultation of this sort is vital for successful fundraising and grant applications. Thank you so much for helping us create a space the whole community can enjoy.
