

November 2020

*Dear Parents,*

*As the newly-appointed Year 6 Environment Prefects for Hawridge & Cholesbury School, we are keen to make our school grounds look fabulous. We would like to create some winter pots to give our outside areas a bit of colour.*

*We were wondering if you might have any spare spring-flowering bulbs, winter bedding plants (like pansies and violas) or compost to donate to us please?*

*We will be accepting donations for the next couple of weeks.*

*It would be amazing if you could help us make a brighter school during these darker days!*

*Thank you very much.*

*Rebecca, Safwan, Bethany and John*
